

# ANTI-BULLYING

The OCABS Charter School has an obligation to and is committed to providing a safe learning environment for each of its students. Student achievement is best attained in an atmosphere that is free from the fear of emotional and physical intimidations and threats. Bullying is a destructive behavior that will erode the foundational principles on which a school is built. This school will not tolerate any behavior that is classified under the definition of bullying and will take steps needed to eliminate such behavior.

Believing that prevention is the strongest means available in eliminating bullying, this school offers programs and educational material, including “Choosing Civility: The 25 Rules of Considerate Conduct” regarding the nature of bullying, its consequences should a child choose to engage in this type of behavior, and the procedures for reporting an incident which involves bullying. The information emphasizes that this school does not tolerate bullying, and that school employees, volunteers, and students are encouraged to report any instances of bullying without fear of consequences. Any reports will take into account the age of the offending student, the level of seriousness of the behavior, and whether or not the offending student has developed a habit of engaging in bullying behavior. Appropriate measures will be taken in dealing with such students.

It is considered a violation of this policy for any student to inflict bullying behavior upon another student(s) as defined in this policy. After completing an investigation of the reported incident, a student who was found to have participated in bullying behavior will be subject to disciplinary action that is appropriate to the degree of seriousness of the bullying behavior.

For the purposes of this policy, bullying is defined as any written or verbal expression or physical act or gesture, or a pattern thereof, that is intended to cause distress or fear upon one or more students. A student will be found violating this policy if their conduct has been found to have the effect of humiliation or embarrassment on a student, and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.

Bullying behavior will generally be established when an individual has endured a pattern of offensive behavior or when a single serious act is committed. What is or isn’t bullying will depend on the surrounding circumstances.

Students who believe they have been victimized by a bully or parents who believe their child has been victimized by a bully, should file a complaint by contacting a school counselor, teacher, director or other administrator who will assist in getting help for the child and take the appropriate steps to ensure that such behavior is stopped. To the extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Students, parents, or teachers who file a complaint against a student who is guilty of being a bully, will not be subject to retaliation or reprisal in any form.

Students or adults, who knowingly fabricate allegations and falsely accuse a student of being a bully, will be subject to disciplinary action.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of a student for the purposes of bullying, shall be subject to disciplinary action.
